

Around The Town

Dr. Stark is adding wire wheels to his Chevrolet.

Mrs. E. G. Dubois left yesterday on a vacation trip.

E. M. (Dad) Binford is going to make the run for Justice of the Peace, Kingman Precinct.

Bob Blum returned from a vacation trip to the coast Monday.

John H. Ware and son Junior left for the east Thursday. They will be gone about two months.

John Ward was a Kingman visitor yesterday, bringing in a load of his now famous watermelons.

George Kleiber is now at Johnston, about 25 miles from Death Valley Junction, where he is doing some carpenter work.

Mrs. Minnie Sherman, wife of Charles Sherman is in Los Angeles at one of the hospitals, where she went to undergo an operation.

Blanche and Peggy Parsons returned Wednesday from a four day trip to the Canyon. Blanche left the following day for San Francisco.

Mrs. C. Walters and children and Mrs. Walter's mother, Mrs. I. M. Seargeant, left for the coast Thursday where they expect to remain for a month.

C. J. Walters, manager-cashier of the Citizens bank of Kingman, returned from a months' visit with his parents in Iowa. He reports having had a most interesting visit.

Misses Waretta and Nono Puckett from San Pedro, Cal., are visiting at the home of Mr. and Mrs. Wm. Frost. A very pleasant party was given to them Tuesday eve, 20 guests being present.

James B. Uncapher, of Mineral Park and John St. Charles, of Chloride, have started out on an auto trip that will take them to the state of Washington, where they will fish and hunt for a month.

William Hoffman, former Chloride resident now living at Stoddard, met with an accident recently which may

WANTED—There is an excellent opening for a wide awake hustler to represent the Northwestern Mutual Life Insurance Co., of Milwaukee, (assets over four hundred and fifty million dollars), for Mohave and part of San Bernardino Counties. Applicants should name their qualifications and references in first letter to Th. von Rolf, Gen. Agt., Box 372, Phoenix, Arizona.

TIRE TALK

3—Reliability

Reliability is absolutely essential in repairing and rebuilding of tires. Realizing the importance of this reliability to our customers, we announce the installation of the most modern tire repair equipment in this county. You may be one who has already learned its value in tire repairing and rebuilding. Repairing tires under the proper conditions is the most economical thing you can do. It saves thousands of miles that would otherwise be lost. But the work must be reliable if you are to reap any returns on your investment. You need not take any more risks. Our shop is operated by men that have made tire repairing their profession. Come to us in the same spirit that you would go to the diamond merchant. His reliability must be unquestioned, because his advice is invaluable.

CALLS ELECTION CLERK OF COURT

After ruling for and against the election of Clerk of the Superior Court, Attorney General Wiley E. Jones has advised the Secretary of State that an election for clerk of the court must be held in this county. Attorney General Jones Thursday last wired Anson H. Smith of the Miner, as follows:

"On my advice Secretary of State sends order by mail to include Court Clerk in election call."

WILEY E. JONES,
Attorney General.

A peculiar condition arose in the matter of the clerk of the superior court in this county. Lon Teale, the sitting clerk of the court, was a candidate for re-election, two years ago and was elected without opposition. Following the election and before he could qualify for the term to which he had been elected, Mr. Teale was taken ill and died. Frank N. Van Marter was appointed to fill the vacancy and it was understood that he would hold that office until the election in 1920. The board of supervisors that came in on the first Monday in January, 1919, thought otherwise and appointed J. T. Morgan to the vacancy (?). Morgan brought suit for the office and the matter was threshed out on demurrer. Judge O'Connor, of Santa Cruz county, tried the cause and decided in favor of Mr. Morgan. Notice of appeal was given, but the matter was settled between Mr. Morgan and Mr. Van Marter. At the time of the suit it was understood from the ruling of Judge O'Connor that there would be at the next succeeding election an election to fill the vacancy, but the case of State Tax Commissioner Kuechler came up to change the opinion of the Attorney General and as a result the superior court clerkship was considered in the same light and was left off the call for the primary. It will now go on the ballot.

PETTY OFFICER

Teddy Braffet, who has been in the navy for sometime has now been advanced to petty officer. Ted is working to secure an education in electricity and those who know him feel that he is bound to succeed. He has visited his family here four times since his removal to San Diego.

The son of Mrs. Henry Ogle, the unfortunate woman who was killed here the Fourth, came to Kingman this week for the car. The boy says his father is in a state of semi-paralysis as a result of the accident.

Mr. and Mrs. Jesse Tarr and small daughter arrived in Kingman from the coast Thursday. Mr. Tarr will remain in Kingman for several days while Mrs. Tarr will go to Lake Mary for a visit with her mother, Mrs. C. R. Van Marter, who has a cottage there.

Brad St. Charles is now at Casa Grande, manager of the Western Union Telegraph Company's branch at that place. Brad says it is hot there and not the same as his favorite city, Kingman.

A. F. Harris and family arrived yesterday evening from California and will hereafter make Kingman their home. The farm in California has been disposed of so that there will be no ties to bind them to the Golden State.

Judge E. E. Bollinger will take care of urgent matters in the Superior Court of Mohave County until Thursday, when he will leave for Prescott where he has been called to hold court for Judge Sweeney, of that city.

RAINS HELPED SOME THIS PAST WEEK

The past week weather conditions have changed somewhat in Mohave County, there being some rainfall and cloudy weather generally. The total rainfall in Kingman for the week was .85 inches, with more in the valleys especially up towards Hackberry. Mohave County will probably have considerable rainfall from now on.

Tall Talk.

If there is no other way of getting a message as high as Mars, we might let our prices talk.—Baltimore Sun.

Graves' Baby Drinks Acid, Has Narrow Escape

Prompt action on the part of the parents, Mr. and Mrs. Sam Graves, saved their little daughter from death when she drank from a bottle of muriatic acid that had been left within her reach at the Davis ranch on the Big Sandy, last Wednesday evening. Antidotes were administered as soon as it was learned that the little one had drunk the poison and she was rushed by automobile to the Fancher ranch at Cane Springs, where the faster car of William Sittion was impressed into service and the trip continued to Kingman. Drs. Todd and White worked over the little one and at the present time she is well on the road to recovery.

Mr. and Mrs. Graves wishes to express their thanks to the many friends who extended aid and comfort during the severe illness of the child. Mrs. W. J. Waidler, of Yuma, a sister of Mr. Graves, is expected here from Yuma to nurse the little one, being a graduate nurse from Mercy hospital at Phoenix.

MRS. AREY DEAD

It is reported here that Mrs. R. J. Arey, wife of a former engineer of the Santa Fe engineering department, had died at the family home in Los Angeles. The family was well known to many of the people of Kingman and the sympathy of these old timers goes out to the children and husband.
